Water & Environment – *Stormwater Infrastructure Management*

Woolworths Fairfield

Project Overview

Fabcot Pty Ltd, a subsidiary of Woolworths Pty Ltd is developing a new Supermarket at Fairfield Heights. The development is of a Brown Field site and will see the entire site excavated to allow underground parking. Brown Consulting has carried out the Stormwater Drainage, Onsite Detention to meet Fairfield Councils flooding requirements, Erosion and Sediment control and Earthworks Design for the development to accompany the Development Application to council.
